

# Indiana Eye Care

October 2010

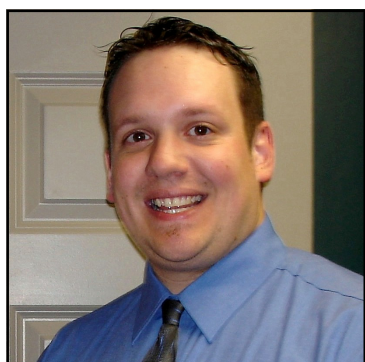

Rebecca Wincek Bateson, OD

Welcome, Fall!

What a beautiful time of year in Indiana and beyond. We hope that everyone got the kids back to school safely. If you didn't find time to squeeze in that back-to-school eye exam over the summer, we'd be happy to schedule it for you soon.

Sometimes when the seasons change, we all need a change, too. That's one of the reasons that we are always trying to add new styles to our selection of fashion frames that are available in the office. We hope you'll enjoy some of the new styles that have just arrived in time for Fall.

Michael J. Yuhas OD

## October is Eye Injury Prevention Month

October is a perfect time to enjoy a football game, go trick-or-treating or make a pumpkin pie. It's also Eye Injury Prevention Month and a great time to make sure you have at least one pair of protective eyewear around the house for use during risky activities.

A scary stat shows that nearly half of all eye injuries each year occur **in and around the home**, and home-based injuries are increasing each year. Wearing protective eyewear will prevent 90% of eye injuries!

### Join us for a LASIK Consult Day!

Wed., Oct. 27

Special Savings for Attending!

Call **724.349.8000** to reserve your spot

New **DIOR** Frames have arrived at the office! Stop in to check out the latest styles.

Want to keep current on our monthly specials and get helpful tips

and reminders about taking care of your eyes? Join us on Facebook at **Indiana Eye Care**.

Throughout the month of October, we'll be posting facts and information about eye injury risks along with tips on injury prevention.
